# Influence

## WHAT IS POSSIBLE

## Arts

Influence what is possible with an arts education. Explore a range of disciplines, collaborate with other students, and enhance your skills as a critical thinker and creative problem solver.

[kpu.ca/arts](https://kpu.ca/arts)

“I like being involved in the community. I like to find solutions. Maybe it’s idealistic, but I wanted to make a change in the world. I saw political science and policy studies at KPU as a way to do that.”

**Shewit Kidane**  
Political Science and Policy Studies Grad

Other degrees prepare you for the known; an arts degree prepares you for the unknown. Build a solid foundation in creative and critical thinking while you explore social and cultural issues in humanities, social sciences, fine arts, and more.
