

## Experiment #4 Astrophotography I

ASTR 1100 lab

This lab requires observations (taking photographs) of the Moon for later analysis. As is the case with working astronomers, you are asked to share the telescope resources with your peers by signing up for specific time slots.

Below is a list of time slots available. Please sign up as groups of four. Please ensure that your group arrives to the physics lab on time. Latecomers may be turned away if the schedules of other observers are to be affected.

Observing Schedule for the date: \_\_\_\_\_

### Section R01 (Fri 10:00 AM)

Group #	Time	Name 1	Name 2	Name 3	Name 4
1	6:30pm – 7:20pm				
3	7:10pm - 8:00pm				
5	7:50pm - 8:40pm				
7	8:30pm - 9:20pm				
9	9:10pm - 10:00pm
