

FACULTY OF

# ACADEMIC AND CAREER ADVANCEMENT

## ALBANY FITZGERALD

The Career Choices and Life Success (CCLS) Program has taught me confidence, discipline, and accountability. Continuing my education this fall, I have a solid plan of where I want to be when I've finished. I learned that stepping out of my comfort zone is the only way I am going to see the change I want and that it's my responsibility to take action to achieve my goals.
