

ACADEMIC AND CAREER PREPARATION

Access Programs (AP)

My experience in AP was great. I learned what I liked and what I didn't like, what my weaknesses are and what my strengths are. This program teaches what work life is like compared to not working. It's a great way to get out there and try new things and see if you're ready for work. Today, I work at Tim Horton's because of this program. I would recommend this program. In fact, I totally urge you to join AP.
