

A portrait of a young woman with short brown hair and bangs, wearing a red and white striped sweater. She is looking slightly to the right of the camera with a neutral expression.

ACADEMIC AND CAREER PREPARATION

Ellie Au

English Language Studies

Started ELST courses from the Foundation level and has completed Level 3.

Currently, registered for the Fall 2024 Arts UG program with an intended major in Psychology.

The ELST program has been instrumental in shaping my career and academic path. As a part-time behavior interventionist, I need to file many documents and have to communicate with many clients. After taking the ELST courses, I file my reports and talk with my clients in English with confidence. The ELST program also enabled me to pursue my passion for a Psychology degree, which I will start in the Fall of 2024 at KPU. I want to continue my education to become an art therapist, which requires a high language level, and the ELST program has given me the basic English skills that I really needed. I can now confidently write academic papers and conduct research in English. I am profoundly thankful to the professors in the ELST program for their support and professionalism. Their expertise and encouragement have been pivotal in my success.
