English Upgrading

Currently working as a peer tutor, Learning Centre

I decided to enroll in WRTG 1100, Writing for University, with the intention of honing my skills in precise writing and acquiring knowledge of proper essay construction. I successfully completed the program, thanks to the invaluable academic guidance from the instructor. For instance, in addition to classroom hours, I received his precise guidance through timely interactions via email and during drop-in office hours. This not only enhanced my abilities in writing, listening, speaking, and reading, but also equipped me with the confidence and skills necessary to navigate dynamic Canadian workplaces and university courses.
