ACCOMMODATION

UCA has halls of residence on or close to all its campuses. While we cannot guarantee students halls of residence to all students, we aim to house as many international students as possible. In addition, we also provide students with information and support on securing private housing or residence for the duration of their studies.

All exchange and fee-paying study abroad students are responsible for any expenses related to accommodation for the duration of their studies.

For more information on UCA accommodation and to contact our dedicated accommodation team, please visit - <https://www.uca.ac.uk/study-at-uca/accommodation/>

VISA INFORMATION

Depending on the country of origin and the length of study, the student may require a visa to enter and study in the UK.

Visitor Visa – Exchange placements for up-to 6 months

For exchange periods less than 6 months, students can come to the UK on a visitor visa. Students are not permitted to work on this visa including unpaid internships.

If Students are a visa national ([see visa national list](#)) then you will need to apply in advance for a Visitor visa and can only travel to the UK once your visa has been granted.

If Students are national of the EU/EEA, Australia, Canada, Japan, New Zealand, Singapore, South Korea or the USA, you will be granted a visitor visa on entry.

Please note the study rights to this visa can not be extended. If a student wishes to extend their study at UCA for a period over six months, the student will be required to depart the UK and apply for a student route visa before returning.

Student Route Visa – Exchange placement over six months

Students coming to the UK for more than six months will need to apply for a Student Route visa, which will be issued by the UCA International Admissions team and must be granted before arrival in the UK.

If at any time, students decide to reduce their period of study. In that case, the University will notify the UK Visas and Immigration (UKVI) Department of the Home Office of a course's alternation and earlier departure date. The UKVI would then curtail (shorten) students' visas to be in line with the new study period.

On a Student Route visa, students would be permitted to work 20 hours per week in the UK during term time and full time during official vacation periods. Please note that there are a number of restrictions on the types of work that you could do on a Student Route visa; for more information, please see the UK Council for International Student Affairs (UKCISA) [website](#) for more information.

More information

For up-to-date visa information you please consult the GOV.UK website which can help to determine whether students need to obtain a visa before they travel to the UK and will provide official information about the rules and requirements. www.gov.uk/student-visa

Students can also find more information and contact to the UCA visa team by visiting - www.uca.ac.uk/international/visas-and-immigration/

Please note visa information provided in this document is general in nature, correct at time of drafting. The UK government and/or UK Visas and Immigration (UKVI) may change visa requirements and regulations at any time.
